1.F MEDIATION

- (A) Grievance mediation is an optional and voluntary part of the grievance resolution process. It is a supplement to, not a substitute for, grievance arbitration. When grievance mediation is invoked, the contractual time limit for moving the grievance to arbitration shall be delayed for the period of mediation.
- (B) If the grievance has not been satisfactorily resolved at STEP III, the Union may, within five (5) working days, request mediation. If management agrees that the grievance is suitable for mediation, the parties shall submit a joint request to the State Public Employment Relations Board for the assignment of a mediator. Grievance mediation shall be completed within thirty (30) days of this request.
- (C) The grievance mediation process shall be informal. Rules of evidence shall not apply and no record shall be made of the proceeding. Both sides shall be provided ample opportunity to present the evidence and argument to support their case. The mediator may meet with the parties in joint session or in separate caucuses.
- (D) At the request of both parties, the mediator shall issue a recommendation for settlement. Either party may request that the mediator assess how an arbitrator might rule in this case.
- (E) The grievant shall be present at the grievance mediation proceeding. If the grievance is resolved, the grievant shall sign a statement agreeing to accept the outcome. Unless the parties agree otherwise, the outcome shall not be precedential.
- (F) If the grievance is not resolved and is subsequently moved to arbitration, such proceeding shall be de novo. Nothing said or done by the parties or the mediator during grievance mediation with respect to their positions concerning resolution or offers of settlement may be used or referred to during arbitration.

- (C) Any time limits in the parties labor agreement must be waived to permit the grievance to proceed to arbitration should mediation be unsuccessful.

- (D) Proceedings before the mediator will be informal and rules of evidence do not apply. No record, stenographic or tape recordings of the meetings will be made. The mediator's notes are confidential and the content shall not be revealed.
- (E) The mediator shall conduct the mediation conference utilizing all of the customary techniques associated with mediation including the use of separate caucuses.
- (F) The mediator has no authority to compel resolution of the grievance.
- (G) In the event that no settlement is reached during the mediation conference, the mediator may provide the parties either in separate or joint session with an oral advisory opinion.
- (H) If either party does not accept an advisory opinion, the matter may then proceed to arbitration in the manner and form provided in their collective bargaining agreement. Such arbitration hearing will be held as if the grievance mediation effort had not taken place. Nothing said or done by the parties or the mediator during the grievance mediation session can be used against them during arbitration proceedings.
- (I) When the parties choose FMCS and the grievance mediation procedure, they have agreed to abide by these guidelines as established by FMCS, and they agree to hold FMCS and the mediator appointed by the Service to conduct the mediation conference harmless of any claim of damages arising from the mediation process.

1.H ARBITRATION

After the above methods of mediation have failed to produce a satisfactory agreement between said employer and employees, the Board of Public Works and Safety, or Clerk-Treasurer and the Union shall jointly apply within five (5) working days to the United States Mediation and Conciliation Service or American Arbitration Association for a list of at least seven (7) arbitrators providing Council 962 approves arbitration.

Upon written notice of receipt of said list to the aggrieved party by the non-aggrieved party, the parties shall alternately strike names from such list and the last remaining name shall be the sole arbitrator. The arbitrator shall have no authority to delete from, add to, or modify any provision of this Contract. Any decision of any Arbitrator or Board shall be final and binding upon the parties hereto. The costs and expenses of any such arbitration shall be borne equally by the Union and the Board of Public Works and Safety or Clerk-Treasurer.

SECTION 2: *No Work Stoppage*

As the services performed by the employees covered by the Contract are essential to the Administration of the Board of Public Works and Safety, the Clerk-Treasurer, and to the welfare of the public dependent thereon, the Union agrees that in no event whatsoever, during the term of this Contract will the Union or any of the employees covered by the Contract initiate, authorize, sanction, encourage, support or engage in any strike, slowdown or work stoppage, or cease the continuous performance of their duties.

As needed, the City will provide a full-length locker to each City worker who:

- (A) Does not wear street clothes during his/her usual working hours; and
- (B) Does not have a desk.
- (C) The Union President will be provided an office with a telephone for Union business, as needed.

SECTION 3: *Probationary Employees*

An employee shall be a probationary employee for the first forty (40) days worked beginning with the first day he/she reports to work for the City, during which time the City may terminate such employee at its sole discretion with or without cause; the City and Union may discuss such terminations. Any such termination shall not be a basis for a complaint or grievance under this Contract.

It is agreed that a probationary employee shall be paid probationary wages until his/her probationary period is completed. On the 41st day worked, the employee will receive all benefits to include a \$1.00 per hour increase in pay, insurance coverage and holiday pay. The probationary period may be extended upon mutual agreement between city and Union, not to exceed twenty (20) additional days worked. If such an agreement is reached, the \$1.00 per hour increase in pay and holiday pay will be in effect, however, insurance coverage will continue to be delayed until successful completion of the extended probation.

SECTION 4: *Clean-Up Time*

Employees are allowed fifteen (15) minutes personal clean-up time prior to lunch break and fifteen (15) minutes personal clean-up time prior to the end of shift. The Transportation Department will allow employees fifteen (15) minutes personal clean-up time prior to the beginning of the shift and fifteen (15) minutes personal clean-up time prior to the end of the shift.

SECTION 5: *Seniority*

- (A) Seniority (length of service is continuous employment) shall prevail within each department for the purpose of this Contract and shall date from the first day of continuous employment with the department. The departments shall include Water, Street Department consisting of (MVH and Public Works), Sanitation, Water Pollution Control, Cemetery, Building Inspector, Park, Transportation and Civilian Employees of the Police and Fire departments.
- (B) The seniority of the employee shall terminate under any of the following conditions:
 - (1) When the employee has been laid-off for a period of more than five (5) years or as per Ordinance. (Equal time formula)
 - (2) When a laid-off employee fails to give notice of his/her intention to return within seventy-two (72) hours after the City has sent to his/her last known address a certified letter recalling him/her back to work, within their department excluding weekends and holidays.
 - (3) When he/she gives his/her notice but fails to return within one (1) week after the aforesaid letter has been sent to him/her.
 - (4) When he/she resigns his/her employment with the City.
 - (5) When he/she is discharged for a just cause.
 - (6) When he/she violates the conditions of his/her leave of absence.

- (7) When he/she has been replaced for violation of the agreements contained in ARTICLE III, SECTION 2.
- (8) **Management** will furnish an updated city-wide seniority list no less than two (2) times per year and will provide a list of Union positions within the City, or a list of equipment not requiring a CDL, upon request from the Union President or his official designee.
- (9) Seniority of two (2) or more employees who have the same hire-in date shall be established alphabetically.
- (10) Non-union members will have seniority rights after all other paying union members have their opportunities.

SECTION 6: *Layoffs*

- (A) Layoffs for lack of work shall be in accordance with straight seniority rules, i.e., the employees most recently hired in the department shall be laid-off first, provided always the employees retained are qualified to perform the work available. When adding to the work forces, those in the department most recently laid-off shall be the first in the department to be re-employed, if available and qualified for the available job.
- (B) When Layoffs for lack of work affect full-time employees, the City shall notify the Union 30 calendar days in advance. However, in the event of a bonafide emergency (such as equipment failure, unsafe working conditions, or lack of funding) the City will notify the Union at least 3 working days in advance of the last day to be worked. The intent of such notification is in order that an agreement on the application of seniority provisions shall be reached.
- (C) When layoffs affect permanent full-time employees, any employee so affected shall have the right to "bump" any other employees in his/her department who is working and has less seniority, but such employee will then be paid the prevailing rate of pay for the classification, provided that the "bumping" employee is qualified for the job he/she is to assume. However, in the event that application of the foregoing rules results in surplus employees in any department and vacancies exist in any other department, then the City shall transfer such surplus employees to the other departments according to seniority to fill the vacancy, provided the City desires to fill the vacancy and the employee is qualified to fill the position. The "bumping" employee shall have the right to use his/her seniority for "bumping" purposes one (1) time only per layoff.
- (D) Any full-time employee within the bargaining unit who is working in a department that on occasional days has no work, will be given the opportunity to work within other departments in open positions. If the employee is sent home, he/she shall be paid four (4) hours pay at regular time. The employees may volunteer to leave and will be paid only the time on the clock.
- (E) An open position due to layoff must be posted within the department for three (3) days.
- (F) The most senior employee affected by a reduction in workforce shall have the right to bump to the lowest senior position within the City for which they are qualified. If the bumping employee cannot bump the lowest senior position due to lack of qualifications, then he/she can bump the next more senior position for which he/she qualifies. The process will continue for other affected employees in order of seniority, continuing with the next most senior employee.

SECTION 7: *Recall*

Laid-off employees shall be recalled according to seniority. The employee with the most seniority will be recalled and given the opportunity to fill any open full-time position within the City. In cases where there are multiple openings, the employee will have the option to pick any job available, provided they are able to learn the job, and are physically able to perform the duties. If the employee does not want any of the open jobs and none of the open jobs are in the employee's department,

he/she was laid-off from, then they can refuse any or all of these jobs and remain on layoff. If an open job is available or becomes available in the department the employee was laid-off from, the employee must return to their department on recall.

SECTION 8: *Job Postings*

In filling openings in job classifications within the bargaining unit, except where otherwise filled by recall from layoff or by adjustment transfers made by mutual agreement between the City and the Union because of unsatisfactory performance or inability to do the work required, the City will consider the application of employees submitted under the following procedures:

- (A) **Union** will canvas all employees within a department where an opening exists. Should all employees agree they do not desire to fill the position and agree to "sign-off" of the open position, the posting will proceed to (C) of this SECTION. However, should one (1) employee wish to have forty-eight (48) hours, excluding Saturday, Sunday and holidays, to consider filling the open position, the City will proceed as in (B) below.
- (B) The open job will be posted simultaneously throughout the City. The posting will be pulled down in the department where the vacancy exists after forty-eight (48) hours, excluding Saturday, Sunday, and holidays. (A) Pay Lists: The City will furnish the Union with a list of rates of pay, once a year, during January.

(B) Holiday Pay: The City agrees to pay employees for holidays scheduled providing the employee works the workday before or the workday after the holiday or provides a doctor's statement certifying that he/she was in fact unable to work one of those days. Employees volunteering to work a holiday in the Sanitation Department shall receive the regular eight (8) hour holiday pay in addition to time and one half (1.5) for hours worked, plus 1 PDO day. All other employees working a holiday shall receive the regular eight (8) hour holiday pay in addition to double time for working the holiday.

(C) Holiday Scheduling: Holiday work schedules are to be based on seniority with those employees with greater seniority given first opportunity to work overtime hours. If an employee's regular work schedule includes Saturday and Sunday, the employee's off days will be counted as Saturday and Sunday and the first off day shall be considered as a Saturday and the second off day shall be considered as a Sunday respectively.

(D) Overtime Pay: The City of New Castle will pay its employees time and one-half for hours worked over and above eight (8) hours in a regularly scheduled workday. The use of 4 hours or more of vacation, PDO or bereavement leave in such workday will be counted as time worked (for the purpose of overtime calculation.) Employees working the weekend will receive time and one-half for hours worked on Saturday and double time for hours worked on Sunday.

(E) Overtime Distribution: A rotation system in each department by seniority within each job classification will be established in order to give all employees an opportunity for overtime hours when available. Qualified employees will fill overtime jobs within a department as follows: 1) within the classification by seniority; 2) within the department by seniority; and then 3) city-wide by seniority. In the event of an emergency, all employees are subject to call for overtime hours.

As the Water Department consists of two sections, the Water Plant and the Utilities office, for the purpose of overtime only, each section will maintain a separate rotation system by seniority. If there is additional overtime in a section after employees of the section have been offered overtime, the other section of the Water Department shall be offered the overtime before going city-wide.

(F) Call Duty: A worker who is to be on call-duty during his/her off-duty hours for emergency calls shall in addition to the regular week's pay be paid twenty-eight (28) times one hours pay for such services rendered, during off-duty hours for a seven (7) day work week. Call-duty truck and beeper will be provided for the person on call-duty. Pay goes to Maintenance Mechanic and Operators at the Sewage Plant. Heavy Equipment at the Water plant.

(G) Shift Schedules: Assigned "Employees" who work the 3:00 p.m. to 11:00 p.m. shift shall be paid an additional twenty (20) cents per hour above the hourly rate for working the 7:00 a.m. to 3:00 p.m. shift. Major changes made in job classification or job descriptions must be negotiated with the Union. An employee shall not be worked out of their classification and replaced with an employee with less seniority within their classification. Seniority shall prevail when an employee works out of their classification in open positions only. (Reclassification and new job descriptions will be negotiated and agreed upon in 2013 and will become an amendment to this contract upon agreement.)

(I) Open Positions: An Open Position that is filled with employees working out of classification must be posted within fifteen (15) working days. After the fifteen (15) working days, no employee shall be required to work out of classification to fill these positions, unless by mutual agreement.

If call duty employee is on City snow removal rotation and is called in, they will be paid based on (K) and receive 4 hours call in, meaning that if the call duty employee is called in for any OTHER department they will be paid per (K) of AFSCME Contract.

(L) Transfer-Job Posting: Any employee who transfers from one department to another department does not take his/her original department seniority with him/her to the next department. Such employee is a new employee as far as his/her new department is concerned but does, however, have his/her original department seniority "frozen". In the event the transferee is laid-off in the new department, he/she has the right to return to his/her old department and pick up their original seniority there. Continuous employment with the City in any department adds to the citywide seniority of the employee but not for "bumping"

purposes between departments or within departments. Only department seniority determines seniority within each department.

(M) Transfer-Temporary: Temporary transfers will be determined by seniority and qualifications. Any employee worked temporarily out of their classification or at a different job shall maintain higher classification pay unless such classification or job is abolished, and except as provided in SECTION 6, (C) of this ARTICLE. It is agreed that employees will not be temporarily transferred for more than 10 working days. In the event a need arises to extend the agreed to 10-day period the Union and City Management will meet for the purpose of mutual agreement. (The Union agrees not to unreasonably withhold agreement.) (N) Seasonal Reassignments (Park Department): Due to the seasonal nature of the park department, the park employees will be seasonally reassigned to duties assigned through the Mayor's office. Seniority will continue to accumulate in the Park Department during these reassignments and these employees will not receive a reduction in pay. These jobs will be general labor in nature and will include duties for which these individuals would be qualified. Management will work closely with Union to insure the rights of Union employees are not violated in the reassignment process.

(O) Seniority Preference for Job Assignments/Work Station: Those departments having daily work assignments that may change frequently will fill those assignments at the beginning of the shift or work period as follows:

1. Assignments will be made in no less than one-half of a shift, except for work periods less than a shift which shall be filled for the actual time worked.
2. Qualified employees will fill job assignments within each classification by seniority and then within the department by seniority. Employees must work within their classification when jobs are available in their classification. After each employee has had the opportunity to choose by seniority within their classification, they will then have department seniority rights to choose from remaining jobs assignments that are available.
3. An employee not present at the time classification assignments are made will be required to fill any remaining work assignment by seniority and qualifications as made available by management. Should the same employee be not present at the time department assignments are made the employee will be required to fill any work assignment as made available by management.

Nothing in this work assignment language shall prevent the City from deciding which work assignments will be filled

(P) Management Work: Management Supervisors shall not work in a Union Classified position except: 1) to demonstrate or to instruct an employee on proper procedure or job performance, or 2) to assist in the event of a homeland security issue/emergency (during which, management will make every effort to contact union employees city-wide to assist).

- (D) It is further agreed that no less than ten (10) working days prior to a final decision regarding a change in any departments work hours the Union President will be notified and a meeting, upon request of the President to negotiate change will be scheduled. If a health and safety issue is at stake and agreement cannot be reached the City may implement such change until the issue is mediated.
